Dr. Sydiongco:

Youthful greetings!

**Youth Mental Health Caravan** aims to provide advocacy, and support groups to the youth of Ilocos Sur which primarily aims to debunk stigma and misconception on mental health, creating a supportive environment for them to work, play, and excel in their own fields of expertise. This activity focuses on the theme "*Creating Hope through Action*" - which reminds the audience to reach out whenever they are anxious and stressed; that there is an alternative to self-harm and suicide; that there is hope amidst adversities.

The Provincial Government of Ilocos Sur through the Provincial Youth Development Office will be conducting its Mental Health Awareness Month Celebration on May 31, 2023.

We would like to invite **Dr. Magnolia Brabante** as our guest speaker through our Youth Mental Health Caravan 2023 on **May 31, 2023**, at 7:30 am to 12:00 nn at the **University of Northern Philippines, Gym, Tamag Vigan City, Ilocos Sur**
